TOILET SEATS & BIDETS
STYLE GUIDE | APRIL 2026

WELCOME TO BEMIS SEAT BRANDS.

For over 125 years, the Bemis name has stood for quality and trust. This guide is your tool for building and protecting that legacy.

By staying consistent with our look and voice, we ensure our seat brands remain instantly recognizable and reliable for every customer. Inside, you'll find the essentials including brand positioning, logo usage, brand colors, real-world marketing examples, and more.

Consistency isn't just about rules; it's how we show up for our customers every day and stay familiar and trustworthy. By following these guidelines, you play a vital part in strengthening and preserving Bemis' seat brands for the next century.

BRAND POSITION

BRAND PYRAMID

Think of our brand pyramid as a roadmap that keeps us all moving in the same direction, so that anyone who touches Bemis’ seat brands is working toward the same goal while staying true to who we are.

By starting with our core brand attributes, we can clearly see the practical benefits we offer our customers and **how our brand makes them feel**. All of these layers build on each other to reach our brand essence: the heart of what we stand for every single day.

THE BEST SEAT
IN THE HOUSE®

The bathroom is where we start and end our day. It's a place to wake up, wind down, and feel clean and comfortable. These little routines matter.

Since 1932, we've built toilet seats that fit everyday life. No fuss, just thoughtful design, quality, and features that make life better. We create products for every need, so you can feel right at home wherever you are.

THE EXPERIENCED CHALLENGER

We bring the confidence of a long-time leader with the mindset of a challenger. We don't accept "the way it's always been done." Instead, we look for better, simpler, and smarter solutions.

Our voice is friendly, honest, and clear. We speak in simple, helpful language that's easy to understand, while reflecting our quality and expertise.

We're the smarter choice, not the default. By making things easier, clearer, and more thoughtful, we deliver a solid, satisfying customer experience.

VISUAL PERSONALITY

At the heart of Bemis is a personality that's real and relatable. Staying true to our visual style helps us show up consistently, using imagery that moves and connects with people.

By consistently sticking to this visual language, we build a brand that people recognize, trust, and feel a true kinship with. This should always go hand-in-hand with how we speak.

RELATABLE

Approachable and attainable. Genuinely enhancing everyday moments. Speak same language and build emotional connections with end users.

INNOVATIVE

Showcasing thoughtful, smart thinking. Connectable solutions that make sense and exceed expectations.

CONFIDENT

Strong/solid choices without compromise. Full of purpose. Exciting possibilities. Solid user experience.

SIMPLE

Modern, simple clean lines, with a focus on quality, form and function. Strategic vision and lasting aspiration over complexity. Not busy or faddish.

TRUSTED

Reassuring and respected. Quality and credibility you can see and feel. Maintain long-term connections with customers.

TIMELESS

Feelings of familiarity and classic elements of design that are tasteful and everlasting.

LIFESTYLE DO's & DON'Ts

We celebrate the “everyday.” We aren’t a luxury spa brand or a clinical hardware company; we’re the reliable, thoughtful part of a home that just works.

✓ DO

Show an optimistic reflection of the brand. Encourage humor, spark positive conversations, and connect with relatable lifestyles of all kinds—from young to old. Focus on authentic, everyday stories that are helpful, human, and inspiring.

✗ DON'T

Avoid extreme, invasive, pretentious, depressing, or political content. Do not use overly intimate visuals, low-angle shots, or imagery featuring upper-leg skin. When in doubt, leave it out. Any generic competitor products should only appear to highlight our superior functional benefits.

INTERIOR DO's & DON'Ts

Use relatable environments that reflect your region and audience. Capture real-life spaces in an artful way that celebrates the everyday, balancing authentic moments with clean, intentional styling to support the message.

✓ DO

✓ Relatable and authentic

✓ Grounded in everyday life

✓ Uncluttered spaces

✓ Product focused

✗ DON'T

✗ Unrelatable or unrealistic

✗ Pretentious or overly ornate

✗ Overly curated or faddish

✗ Odd or uncomfortable

BRAND TONE

How we speak is just as important as how we look. Our verbal style is honest, open, and authentically Bemis. We communicate in a way that feels like a trusted, familiar, dependable, and sincere partner in life.

Today’s consumers connect emotionally with brands that improve their lives through sincerity rather than polish. By maintaining a consistent, down-to-earth tone, we turn quality products into meaningful benefits, turning customers into brand advocates.

AUTHENTIC

Approachable, honest and straightforward with a sense of familiarity that puts people at ease.

INTUITIVE

Insightful and smart. Perceptive about the needs of others, connecting with our customers beyond “satisfaction.”

DOWN-TO-EARTH

Genuine. Brand for the common person. Relatable. Helpful. Tasteful. Light humor. Levity. Self-awareness. Not too serious.

FRIENDLY

Welcoming and nonjudgmental acceptance. Family company, that cares about community, sustainability and our customers.

MOTIVATED

Enthusiastic about the details. Energetic about the future. Motivated. Educate and excite audience to upgrade seats.

RELIABLE

Expected quality. Focus. Commitment. Dependable. Provide meaningful personal benefits in users’ lives.

A FIT FOR EVERY BODY, AND EVERY BOWL

30–40% of consumers believe their toilet seat must match their toilet brand. Bemis eliminates this misconception with high-quality seats engineered to fit virtually any toilet. By designing for every bowl and every person, we position Bemis as the trusted, go-to solution for any bathroom.

In consumer-facing messaging, we clearly communicate compatibility to help remove this barrier and simplify the purchase decision.

FITS ALL TOILET BRANDS ICONS

Note: You may use competitor names in plain text to state compatibility (e.g., “Fits Kohler toilets”). To avoid legal risk or “consumer confusion,” never use their official logos, brand colors, or proprietary fonts. Ensure all claims are truthful and do not imply an official endorsement.

Our brand is guided by a set of core pillars that shape how we design seats, communicate their value, and sets us apart.
Note: Not every product will lean on all four, but should highlight what is relevant and accurate.

QUALITY

Built to last.
Trusted performance.

Quality is at the core of everything we make. Our products are designed for durability, reliability, and comfort, giving customers confidence they've made the right choice.

Application Tip: Pair quality messaging with strong product visuals to reinforce trust and make the benefit immediately clear.

HOW TO SAY IT

Use clear, straightforward language that reinforces trust and performance:

- Built to last
- Durable, high-quality materials
- Reliable performance
- Designed for everyday use
- Trusted craftsmanship

HOW TO SHOW IT

Visuals should reinforce strength, stability, and craftsmanship:

- Clean, well-lit product photography
- Close-up details of materials, hinges, and finishes
- Products shown in stable, real-life environments
- Simple, uncluttered compositions that highlight the product

WHERE TO USE IT

Quality is a foundational pillar and can be emphasized across key touchpoints like:

- Packaging and POP
- Product detail pages
- Retail and wholesale materials
- Sales presentations
- PR and news releases
- Social media and advertising

DO

- ✓ Focus on product durability and construction
- ✓ Highlight materials and build quality
- ✓ Keep visuals clean, solid, and dependable

DON'T

- ✗ Overpromise or use exaggerated claims
- ✗ Clutter visuals with too many competing elements
- ✗ Rely solely on lifestyle without showing the product

INNOVATION

Smarter solutions
for everyday life.

We create thoughtful, practical innovations that make products easier to install, more comfortable to use, and better suited to everyday needs.

Application Tip: Always connect the feature to a clear benefit to show how it makes life easier.

HOW TO SAY IT

Use clear, benefit-driven language:

- Easy to install
- Thoughtful design
- Smarter solutions
- Designed for convenience
- Simplifies everyday use

HOW TO SHOW IT

Visuals should highlight ease, function, and problem-solving:

- Step-by-step or in-use demonstrations
- Before/after or problem/solution scenarios
- Clean visuals that clearly communicate how it works

WHERE TO USE IT

Innovation is most impactful in:

- Product pages and digital content
- Packaging and feature callouts
- Retail / wholesale displays and POP
- Instructional or how-to materials
- Tradeshow

- DO**
- ✓ Focus on real, useful benefits
 - ✓ Show how the product solves a problem
 - ✓ Keep messaging simple and easy to understand

- DON'T**
- ✗ Overcomplicate with technical jargon
 - ✗ Highlight features without explaining the benefit
 - ✗ Make innovation feel abstract or unclear

AMERICAN-MADE

Designed & made in America
with pride and purpose.

Our family-owned heritage
and domestic production
reflect a commitment to quality,
community, and trust.

Application Tip: Use as a supporting point to
reinforce quality and trust, not the only message.

HOW TO SAY IT

Keep messaging honest and
straightforward:

- Made in the USA *
- Seat & Cover Made in USA *
- Engineered & Manufactured
in Sheboygan Falls, WI U.S.A.
- Manufacturing in the U.S.A. for over
125 years

* Products with imported slow-close modules and
metal components should use “Seat & Cover” verbiage
and do not qualify for “Made in USA” in the U.S.

HOW TO SHOW IT

Visuals should feel authentic and grounded:

- **Subtle** use of American cues (flags,
colors, materials)
- Manufacturing or craftsmanship details
when appropriate
- Pair with clean product visuals
- Avoid overly patriotic or exaggerated
imagery

WHERE TO USE IT

Use where accurate and relevant to
applicable products in your region:

- Packaging and product labels
- Retail and POP displays
- Product pages and sales materials
- PR and news releases
- Social media and advertising
- Tradeshows

DO

- ✓ Ensure all claims are accurate
and product-specific
- ✓ Keep visuals subtle and
authentic
- ✓ Use as a trust and quality signal

DON'T

- ✗ Apply universally to all products
- ✗ Overstate or generalize claims
- ✗ Use overly bold or cliché
patriotic imagery

SUSTAINABILITY

Responsible by design.

We are committed to reducing environmental impact through thoughtful materials, responsible processes, and long-lasting products.

Application Tip: Let sustainability support the story. Keep it clear, credible, and easy to understand.

HOW TO SAY IT

Keep language clear and credible:

- Made with recycled materials
- Designed to reduce impact
- Refer to responsible processes and materials in [ESG Report](#)
- Built to last longer, reducing waste

Note: Any external use of the GreenCircle mark must be approved by GreenCircle prior to publication. For approval and guidance, please contact Colleen. Johnson@BemisMfg.com

HOW TO SHOW IT

Visuals should feel natural, simple, and honest:

- Clean, minimal environments
- Subtle natural elements (light, texture, materials)
- Product-focused imagery with supporting cues
- Avoid overly “greenwashed” or exaggerated visuals

WHERE TO USE IT

Use where it adds meaningful value:

- Packaging and POP
- Product detail pages
- Retail and wholesale materials
- Sales presentations
- PR and news releases
- Social media and advertising
- Tradeshows

DO

- ✓ Be specific and truthful in claims
- ✓ Keep visuals simple and authentic
- ✓ Focus on real, tangible benefits

DON'T

- ✗ Overclaim or generalize
- ✗ Use vague or unsupported statements
- ✗ Overwhelm with sustainability messaging

LOGOS & TAGLINES

IMPORTANT: RESPECTFUL SPACE

- Logo should always be surrounded by clean space that is at least half the cap height of the first B.

OUR LOGO

The Bemis wordmark is the only approved form of identification for Bemis products, packaging and other communications (except for specific product lines not sold principally under the Bemis name). Logo must appear on all Bemis materials.

- No part of the mark may be altered in any way.
- The ® should be used in every application, except situations where it's too small to print or embroider.
- **DO NOT** use swoosh mark by itself or in another logo.

[DOWNLOAD BEMIS LOGOS](#)

PRIMARY COLOR USAGE
BEMIS BLUE

The Bemis logo should remain in the Bemis Blue for its primary usage.

SECONDARY COLOR USAGE
BLACK

The Bemis logo can be used in black or reversed out of black as an alternative to the Bemis Blue

TERTIARY COLOR USAGE
GRAY

The Bemis logo can be used in the proper brand gray or reversed out as an alternative.

TERTIARY COLOR USAGE
LIGHT GRAY

The Bemis logo can be used in the proper brand gray or reversed out as an alternative.

**For any specialty applications or unique circumstances, including use of metallics, please contact Colleen.Johnson@BemisMfg.com

LOGO USAGE
OVER A TEXTURE

The Bemis logo can be used over subtle white, gray, silver or textures. Be sure that there is plenty of contrast and the texture does not interfere or distract from the logo.

Do not place the logo on busy, complex backgrounds.

LOGO USAGE
OVER AN IMAGE

When using the Bemis logo over an image, reverse the logo out of an accepted brand color to be sure there is enough contrast.

Do not place the logo on backgrounds with poor contrast. The Bemis logo should always stand out clean and strong with respectful space around it.

UNACCEPTABLE LOGO USAGE

- A** DO NOT use colors outside the approved Bemis logo brand colors
- B** DO NOT use the Bemis type alone
- C** DO NOT alter or add details to the logo
- D** DO NOT combine logo with non-branded colors
- E** DO NOT use texture within the Bemis logo
- F** DO NOT use a drop shadow
- G** DO NOT use multiple colors in the logo
- H** DO NOT distort or rotate the logo
- I** DO NOT use the swoosh mark by itself or add to company names, graphics or copy

BEMIS, MAYFAIR & BIO BIDET LOGOS

The Bemis brand of toilet seats and bidets is sold in retail (The Home Depot) and wholesale channels.

Mayfair by Bemis and Bio Bidet by Bemis are sold primarily through retail channels online and brick-and-mortar stores. For these sub-brands, the same logo guidelines should be followed as the parent Bemis logo.

CHURCH, OLSONITE & BENEKE LOGOS

BEMIS LOGOS

MAYFAIR LOGOS

BIO BIDET LOGOS

MAYFAIR & BIO BIDET LOGO USAGE

Follow the same guidelines as the parent Bemis logo (pages 14-16).

- No part of the mark may be altered in any way.
- The ® should be used in every application, except situations where it's too small to print or embroider.

IMPORTANT: RESPECTFUL SPACE

- Logo should always be surrounded by clean space that is the full cap height of the first letter.

MAYFAIR &
BIO BIDET
LOGO USAGE

Our sub-brand logos are just as important as our parent brand. To keep our look consistent and professional, they should be treated with the same care and respect.

Always keep logos clear and easy to read by using our official brand colors. Make sure they are never distorted and are always surrounded by plenty of clean, open space so they can stand out.

PRIMARY SEAT TAGLINE

The Best Seat in the House® is our primary, all-encompassing tagline for our toilet seat and bidet brands. Using it consistently across packaging, websites, and advertising is how we build brand recognition and trust.

This tagline should always appear in one of our two approved typeset formats. The only exception is when it is used within a paragraph of text, where it should include the registration mark. By adhering to these standards, we keep our overall message strong and familiar for every customer.

THE BEST SEAT IN THE HOUSE® TAGLINES

THE BEST SEAT
IN THE HOUSE®

THE BEST SEAT IN THE HOUSE®

BIDET TAGLINE

For bidet products, we use the **Water Does It Better®** tagline to highlight the benefits of water cleansing. To build instant recognition across packaging, websites, and advertising, this tagline should always appear in either our single-line or stacked typeset formats. When it appears within a paragraph of text, it should always include the registration mark.

Sticking to these simple standards ensures our message stays clear, consistent and professional.

[WATER DOES IT BETTER® TAGLINES](#)

WATER DOES IT
BETTER®

WATER DOES IT BETTER®

BATH SAFETY TAGLINE

For bath safety products, we use the **Empowering Independence®** tagline. To build and maintain strong recognition across our marketing, this anthem should always appear in either our single-line or stacked typeset formats. The only exception is when it appears within a paragraph of text, where it should include the registration mark.

Consistent use helps us clearly communicate our mission of support, safety, and reliability.

BRAND COLORS

BRAND COLORS

Our modern palette builds on signature Bemis Blue, complemented by silver, gold, black, and grays for a fresh, sophisticated look. Neutral tones create a clean base that lets our blue stand out, while gold and silver add subtle balance and a premium touch.

* PMS 2935U Bemis blue should be spec'd when printing on white **uncoated** stock / corrugate.

BEMIS BLUE
CMYK: 100 | 63 | 0 | 35
RGB: 0 | 68 | 127
HEX: 00447F
PANTONE: 293 C
UNCOATED PMS: 2935U *

LIGHT GRAY
CMYK: 0 | 0 | 0 | 8
RGB: 235 | 235 | 236
HEX: EAEBEC

SILVER
CMYK: 18 | 12 | 13 | 0
RGB: 205 | 210 | 209
HEX: CDD2D1

GOLD (ACCENT COLOR ONLY)
CMYK: 25 | 21 | 31 | 3
RGB: 180 | 177 | 149
HEX: B4B195

STAY·TITE® ORANGE ACCENTS

For StayTite®, our signature differentiator feature, the orange accent color should be **used sparingly and strategically** to highlight key messaging or product features. Its limited use draws attention and reinforces StayTite’s uniqueness in the market, ensuring the accent remains impactful while staying true to the Bemis brand identity.

STAY·TITE ORANGE
CMYK: 0 | 55 | 100 | 0
RGB: 255 | 115 | 0
HEX: FF7300
PMS: 151C

CYAN ACCENTS

Cyan is used thoughtfully as a **selective** accent, complementing our signature Bemis Blue.

Paired with silver, black, and gray tones, it adds a fresh, modern contrast that highlights non-standard features like Universal Fit™, antimicrobial protection, Mr Clean co-branding, and bidets.

This vibrant accent elevates the product, signaling innovation, function, and design beyond a standard toilet seat.

* PMS 2985U Bemis blue should be spec'd when printing on white **uncoated** stock / corrugate.

CYAN

CMYK: 80 | 0 | 0 | 0
RGB: 72 | 184 | 231
HEX: 48B8E7
PANTONE: 2985C
UNCOATED PMS: 2985U *

CO-BRANDING: MR. CLEAN

Follow Mr. Clean brand standards while keeping Bemis as the primary brand.

Use cyan to align with Mr. Clean’s visual identity and highlight the antimicrobial benefit. Messaging should present Bemis with Mr. Clean Antimicrobial Built-In Seat Protection™, reinforcing the added benefit without diluting the brand.*

LIFESTYLE PHOTOGRAPHY

LIFESTYLE PRINCIPLES

Spaces should feel clean, modern, and timeless, never overly styled or trendy. Keep lines simple, textures subtle, and materials understated.

Lighting should be natural, bright, and softly directional, creating a light, fresh, and airy feel. Color palettes lean neutral with cool undertones, balanced by hints of warm earth tones. Walls remain mostly neutral, with occasional accents in cool blue-grays.

Flooring should have subtle texture and minimal pattern, ranging from light to dark tones. Cabinet hardware, lighting, and décor should be understated and never compete for attention.

Above all, the product should remain a primary focal point. Lifestyle elements should add warmth and realism, enhancing the space without distracting from the toilet.

COMPOSITION

Find a variety of interesting angles and perspectives to keep the photography fresh, without losing sight that the toilet seat should be the hero.

WIDE, MEDIUM & TIGHT

Capture a variety of tight, medium and wide angles to get a range of photographs that focus on different elements. Wide angles show off how the seat fits within a bathroom design. Tight angles show off features and design details on the seat.

LIGHTING DIRECTION

Lighting should feel natural, soft and directional. It should give focus to the toilet, without it feeling like a staged spotlight. The lighting should give the feeling of openness and space.

ACCESSORY ELEMENTS

Our accessories should be simple, clean, neutral in color and minimal just like the rest of the bathroom. Accessories are meant to bring life and humanity into the scene without adding clutter and distraction.

BIDET COMPONENTS

Bidet cords and hoses should be discreetly minimized and neatly tucked away to maintain a clean, streamlined look. The focus should remain on an attractive product that integrates seamlessly into the bathroom without appearing out of place or awkward.

PRODUCT PHOTOGRAPHY

PRODUCT PHOTOGRAPHY

Artful, intentional, and complimentary.
Use soft, complimentary lighting to create a fresh, clean feel while highlighting the product’s curves, refined lines, and quality hinges. Shots should showcase quality craftsmanship that feels attainable.

PRODUCT IMAGES

BRAND ELEMENTS

SEAT FEATURES

Seat feature names are the intellectual property of Bemis and may not be used outside of Bemis brands. Always include the correct trademark or registration symbol in communications and marketing materials. When in doubt, contact the internal creative team.

CAPITALIZATION: Use Title Case for feature names (e.g., Whisper·Close®) in body copy, including registration marks. When separating a feature name from its description, use ALL CAPS and set in Lato (see examples).

PRODUCT NAMES

STANDARD SEAT NAMES names are inspired by Wisconsin communities, creating a consistent, place-based system rooted in our American heritage. This approach balances consistency with flexibility—allowing names to feel classic, refined, strong, or heritage-inspired—while remaining familiar, easy to say, and memorable.

SPECIALTY SEATS & BIDETS use a more flexible naming approach, with abstract or intuitive names that highlight key product benefits, features, or technologies.

CREATIVE EXAMPLES

BRAND CREATIVE

Our visuals across ads, emails, landing pages, and media pages are bold, clean, and impactful, combining strong headlines, striking product imagery, and background textures to create visuals that are simple, clean, and unmistakably ours.

RETAIL CONTENT

Use thoughtful, large headlines paired with strong product photography to draw attention to the product. Sophisticated background textures or solid colors help keep the focus where it belongs. The overall look should remain simple, clean, and impactful.

SOCIAL MEDIA

Social media supports detailed product messaging with selective lifestyle use. **Retail content** may incorporate relatable lifestyle imagery when it reinforces the message, while **wholesale content** should remain bold and product-forward, emphasizing features and performance.

SOCIAL MEDIA CONTENT

POINT OF PURCHASE

Packaging, signage, banners, and product display label designs should be simple, clean and easy for a consumer to understand the product features and benefits.

POWERPOINT
& LETTERHEAD

It is important that even our internal PowerPoints, vendor presentations and emails have the same brand continuity as our external marketing communications.

THE BEST SEAT IN THE HOUSE.

May 24, 2021

DEAR VALUED BEMIS SALES REPRESENTATIVE,

You have trusted Bemis for generations to bring you innovative, high-quality, and high-value toilet seats. Now, we are excited to add a full line of bidet products to our offering with all the innovation, quality, and value you expect from us. Our NEW Sanctuary 5000, Haven, and Wellspring bidet product lines span the full range of products and features. Our fully integrated bidet toilet, the Sanctuary 5000, offers a host of premium features at a competitive price. We have three electronic bidet seats in the Haven line, with features and prices for any budget, and an innovative, affordable bidet attachment, the Wellspring 100 to help you get more of your customers interested in bidets. Demand for bidet products has been increasing dramatically in North America, and these new products will help you capture your share of that growth.

Within your launch kit, you will find materials to help familiarize you with the key selling features and benefits:

- (1) Haven 3000® & (1) Haven 5000® Bidet Seat non-functioning display samples (Agencies only)
- Specification Sheets with product dimensions
- New Product Bulletins with pricing
- Product Launch Booklet with features and descriptions

In addition, included is the Bemis Minimum Advertised Price Policy (MAP) surrounding these products. The policy has been developed to protect our brand equity and is established for our U.S. and Canadian distributors ("Distributors"), effective June 1, 2021.

FOLLOWING IS A DETAILED LIST OF OUR NEW PRODUCTS --

BIDET TOILET

Sanctuary 5000® Bidet Toilet featuring self-rising seat and lid, UV sterilization, auto flush, kick button, heated seat, warm water, adjustable bidet controls, night light, and more.

- Model 55000E (Elongated)

BIDET SEATS

Haven 1000® Bidet Seat featuring heated seat, warm water, warm air dryer, and night light.

- Models HV3000R (Round) / HV1000E (Elongated)

Please contact your Bemis Regional Sales Manager with any questions. Thank you for being a valued partner. We look forward to driving even more success in the future.

Sincerely,

About Us

OUR HISTORY

Bemis Manufacturing Company is the world's leading manufacturer of toilet seats, committed to innovation as we deliver new products to market. Now in our fourth generation of family leadership, Bemis is proud to be American-owned since 1901. Since 1932, when we made our first toilet seat, we've been improving our customer's lives by creating seats engineered with innovative features and thoughtful craftsmanship.
